CANADIAN "STORK DERBY" NEARS FINISH

Mrs. Mary J. Bensley and children.

As the deadline of Oct. 31 draws near in the \$500,000 Stork Derby at Toronto, Mrs. Mary J. Bensley appears to be in the lead although her claim to having given birth to 12 children since the derby started in 1926 is disputed by other claimants.

This maternity contest started when Charles Vance Miller, eccentric Toronto sportsman, offered \$500,000 to the Toronto mother who gave birth to the most children within 10 years after his death.

Contributions were made to the local chapter of the Red Cross and to the department child welfare activities of the state organization.

At a meeting of the auxiliary to the Red Cross last night at the Dayton house, Mrs. Bensley was one of the winners.

Final arrangements were made to attend the sixth district conference to be held at Cleveland, Ohio, on Oct. 25.

Members reported on the reception given for the state president, Mrs. Dorothy Marshall of Columbus by Franklin county council last Saturday night at the governor's mansion in Columbus.

Cards were played and Mrs. J. A. Morrison, Mrs. Chester Morris, was elected refreshments were served in Mrs. Florence Herrig and her committee.

As your profile comes back, he warned, and the values of your securities and investments come back, do not forget the lessons of the past.

We must hold constantly to the principle that we have become committed to in the philosophy of the boom era to individualism run wild to the false promise that American business was great because it had built up financial control of industrial production and distribution in the hands of a few individuals and corporations by the use of other people's money.

Government should be ready to put against the legs of high finance that the heels of the competitive system should trickle down by gravity from the top to the bottom and above all that the government had no right in any way to interfere with those who were using the system of private profit to the damage of the rest of American citizens.

Sharp challenge

This was the most sharply challenged speech Mr. Roosevelt has made to business since the campaign started. It lacked the sugar coating which he gave his recent Chicago address to business men and the humorous touches of his Worcester speech on Wednesday night.

He hit straight from the shoulder, he wasn't asking them to be better, he was telling them to be better.

In the speech last night there was a strong note of confidence in his reelection. It was as though he was laying down the terms on which the new deal and business can get along for four more years.

All we ask of business and for business is the greater good of the greater number—fair treatment by it and fair treatment for it, he said.

As at Worcester on Wednesday night he denounced a few employers who were spreading half truths about the social security law half truths that tell the workers only of the workers' contribution and fail to mention the employers' contribution.

For many years he said the record shows that this minority has been willing to take only a plan of unemployment insurance and age pensions to which the workers would be the sole contributors and which would cost the employers nothing at all.

Speaking on the same hook up other cabinet officers joined the President on the program.

Secretary Morgenthau declared business is showing its confidence in the future by laying down money on the barrel head and adding.

We have so improved and strengthened the federal tax structure that it is providing additional revenues easily sufficient to insure an early balancing of the budget and thereafter a rapid reduction to the public debt.

Asserting that Roosevelt policies have proved sound in reestablishing recovery, Secretary Roper asked for "that continuity of administration that will assure stability."

SUFFER FROM SHOCK

Still suffering from severe shock and too badly bruised to be moved for an examination, Frank A. Better, whose car was demolished when it skidded into a tree Thursday night on the South side of the hill, is "going" well, it was expected, the family doctors here.

Based on a preliminary report, the family doctors here expected that the family of the man who was killed in the crash would be able to move him to a hospital.

The family of the man who was killed in the crash would be able to move him to a hospital.

Bricker Claims
He Would Halt
Roads "Racket"

Denounces Operation of Road System "For Pure Vote Getting Purposes."

By The Associated Press
CLEVELAND, Oct. 24—Atty. Gen. John W. Bricker renewed today his attacks upon the state highway department and promised that it will cease to be a racket if he is elected governor.

"Never in the history of Ohio before the present administration has the highway department been operated as it is now, for pure vote-getting purposes and for the expense and for personal political gain the Republican candidate said in an address prepared for radio delivery.

"Let us see what one of the governors own political party has had to say," Bricker said.

Says Work Held Up
Rep. Stephen A. Young of Cleveland when running against the governor for the nomination in a statement issued by his campaign manager charged the governor with permitting the highway department to go to pieces in 1935 in order to hold back the money so he would have millions of dollars to put men to work before the election of 1936.

Rep. Young labeled this as the favorite method of buying votes the attorney general declared.

Gov. Maclin L. Davey defeated Young for the nomination at the May primary.

Bricker also cited what he said was a state employee subscription drive for the administration's newspaper called The Ohioan—a sheet published by the Democratic state chairman and his henchmen to further the selfish political interests of the present governor.

He quoted from what he said was an official correspondence of the highway department and claimed in July of this year the quota of two subscriptions was established for each employee of the highway department and all laboratory employees were so addressed by letter on July 10.

One of the letters quoted Bricker said was written July 22, 1935, to the chairman of the director of highway and addressed to all division engineers.

He said the letter said that the highway department was established for each employee of the highway department and all laboratory employees were so addressed by letter on July 10.

One of the letters quoted Bricker said was written July 22, 1935, to the chairman of the director of highway and addressed to all division engineers.

BIG BANK DEPOSITS
LINKED TO RECOVERY

Currency Controller Tells of 'Highest Figures Ever Reported in Ohio'

By The Associated Press
CLEVELAND, Oct. 24—Members of the Good Neighbor league of northern Ohio considered today an assertion from J. F. T. O'Connor, federal controller of the currency, that one instance of the "success" of President Roosevelt's banking policies was that deposits in Ohio national banks during the past year have reached "the highest figure ever reported."

O'Connor in an address last night before the league said that in June 1935 there were 340 national banks in Ohio with total deposits of \$714,899,000. After that he said a decrease set in and deposits in June 1936 stood at \$523,088,000 or a loss of \$228,811,000 in seven years.

"The next three years," O'Connor declared, "present a very different picture."

"From June 30, 1935 to June 30, 1936, the national banks not only regained all their lost deposits but added \$182,289,000 besides making the total deposits in 1936 banks on June 30, 1936, \$945,579,000," he said.

This is the highest figure ever reported for deposits in national banks in your state. This is a truly remarkable record of recovery.

WOMAN DIES AFTER VISITING KIN HERE

Mrs. Caroline Kinley of Upper Sandusky Stricken En Route to Home

Mrs. Caroline Kinley, mother of Mrs. J. F. T. O'Connor, died after a fatal attack of apoplexy yesterday while visiting at the home of her daughter, Mrs. J. F. T. O'Connor, in Upper Sandusky.

She suffered the attack as she was riding in the automobile in which she was riding, between 6 and 7 o'clock last night. Her son, Harry, driving the automobile, rushed her to her home. She did not regain consciousness and died at her home in Upper Sandusky last night at 9 o'clock.

In addition to her daughter, Mrs. Kinley had a son, Harry, and a daughter, Mrs. J. F. T. O'Connor, and a son, Harry, and a daughter, Mrs. J. F. T. O'Connor.

Funeral services have been set for Tuesday at 10 a. m. in the Methodist church at Upper Sandusky. Mrs. Kinley had been a life long resident of that community.

U. C. T. OF DISTRICT
TO CONVEY HERE

State and National Officers Included in Guest List for Tonight.

A number of grand and supreme officers and representatives from councils at Mansfield, Gailton and Bucyrus will join Marion Council No. 129 United Commercial Travelers in a district meeting tonight at the Elks club. Wives of the members and visitors will be guests and will serve a lunch.

Guests will include James Daly, editor of the "Sample Case" and a past supreme grand councillor, A. W. Franklin, supreme secretary, and a former member of the supreme executive committee, David Elder of Defiance, grand councillor of Ohio, Charles H. Hemming of Toledo, a past grand councillor, and F. J. Reichenbach of Sandusky, president of the supreme executive committee.

LONDON IN INDIANA ON HIS WAY EAST

(Continued from Page One)

Little cheering, but there was no question about the enthusiasm of a crowd of about 7,000 who gathered at the Coliseum.

They cheered the Republican nominee in the election, the best form in the history and the speech went well with the crowd.

Last night Gov. Landon made a rear platform appearance at Springfield, Mo.

A crowd estimated at 10,000 welcomed Gov. Landon to Tulsa, Mo., as the first of his campaign stops. He was met by a cheering crowd and a band playing the national anthem.

Gov. Landon, who is expected to be in Tulsa for a few days, will then go to Oklahoma City, Okla., where he will make a rear platform appearance this morning.

They have a play down in New York in which Mr. Thigwell has \$120,000,000 to spend and he has to spend it in 48 hours. A chap runs in and wants to borrow \$100 for a hot dog stand and he gets thrown out and Mr. Thigwell is feeling his pulse and is going to get that money spent.

Suggests Bridge

Finally, some one of his secretaries suggested a building bridge across the Mississippi. Oh, he says the Mississippi has been bridged from the mouth to the source.

Well, he says, "I don't mean it that way. Let's build a bridge the full length of it."

"Fine, fine, how much will it cost?"

One hundred million dollars.

"All right, we will start on it. There is \$100,000,000. What will we do with the \$20,000,000?"

The hot dog man came back in and wanted to borrow \$20,000,000. And he says, "Now you are talking business. Why didn't you say you wanted that much in the first place? We will let you have it."

The hot dog man wanted it in two checks, one for \$100 and the other for \$20,000,000. He said, "What do you want it in that way for? And the man said he wanted the \$100 for the hot dog stand and the rest for to pay his taxes."

He says, "I spent \$100,000,000 on Quabody Maine."

JAMES ROOSEVELT RELEASES HIS TEXT

By The Associated Press
HOUSTON, Oct. 24—James Roosevelt, third son of the President, made public today the text of his answer to a question on a radio forum in which he asserted Gov. Alf Landon had achieved economic at the expense of Kansas school system.

Last night at Tulsa, Okla., the Republican presidential nominee declared a member of the President's immediate family had made "utterly untrue and malicious" charges against the Kansas school system.

Today Roosevelt released with out comment the text of the question put to him at a radio forum here on Oct. 19 and his answer to it.

The question

"Mr. Roosevelt, can you tell us how Gov. Landon balanced the budget of the state of Kansas?"

The answer

"Gov. Landon balanced the budget for the state of Kansas in accordance with the law of that state. The budget of Kansas is \$119,000,000, which is a little more than that of the city of Worcester."

COUNTY GETS SHARE OF GASOLINE TAX

Total of \$9,500 Received from State for Distribution Here.

Marion county's share in the gasoline tax for the last few years has been at the office of Harry V. Mounts, county auditor. Mounts said the county will receive \$9,500 for the year 1937. The money can be used only for the purpose of maintaining roads up to the state law. Mr. Mounts said the balance of the county's share of the tax will arrive about Dec. 1.

MAYOR F. C. SMITH ON AGOSTA PROGRAM

Discusses Farm Policies of Roosevelt Administration.

A speaker was sounded to more than 100 residents of Marion county last night at the Agosta school hall by Mayor F. C. Smith. The speaker was Harry V. Mounts, county auditor. Mounts said the county will receive \$9,500 for the year 1937. The money can be used only for the purpose of maintaining roads up to the state law. Mr. Mounts said the balance of the county's share of the tax will arrive about Dec. 1.

Arthur Brisbane

TODAY—Not Always Right but Always Sincere.

United States Senator Couzens of Michigan, who died on Thursday, was a conscientious man and a hard worker, not always right, but always sincere. Two facts in his life interest everybody. First, working in a coal and lumber yard he heard of Henry Ford's plan to make a wagon that would go without horses. He looked at the first primitive attempt, at which others were laughing, and, wisely, instead of laughing, he put the little money that he had and all that he could borrow, less than \$2,000, altogether in Ford stock. Ford did the rest and later bought out Mr. Couzens' interest for thirty million dollars, cash. Second, when Mr. Couzens got his thirty million dollars, he invested his fortune in bonds, tax exempt, and had his thirty million and the income from them, without paying income tax, contributing nothing to the government, that protected him in the possession of so great a fortune. No blame attaches to him for this. He had a legal right to do that which a stupid law allowed him to do. If Americans have brains, they will, by some legal means, make it impossible for owners of great fortunes, living in idleness, to pay nothing in the government, while the same government taxes heavily those that use their brains, and work hard, creating payrolls and property.

Senator Couzens was generous, contributed to charity, as he might easily do, since he did not contribute to the government, but he lived in a sense of humor. He urged heavy taxation of the rich, himself worth thirty millions, paying no government tax.

Observe the British. Even in great emergencies, never forget the British workman. England, unlike our government, does not worry about banding employment to people in foreign countries, or promoting foreign trade and exports; it takes a "boob" imaginary United States statesman to do that. For instance, England wants more airplanes in a great hurry. To get them she is even willing to buy from United States manufacturers, but she places her first orders with a United States firm, Boeing, that has a factory in Vancouver, British Columbia. There British subjects will get the jobs and the wages, although American capital will get the profits, if any. Contrast that with advertisements printed in America along these lines: "We wanted the very best work so we went 'way across the ocean to so and so. We wanted the finest needlework, so we went to Belgium" or "Guaranteed made in England" or "Paris" anywhere but in the U. S. A.

Grumblers that do such advertising to their ancestors, came to the United States when they needed money, having got the money, they might spend it here, giving other Americans a chance, or at least not advertise the fact that they spent it abroad, thus creating the impression that America can produce nothing good enough.

If American money is good enough for other American products, it should be good enough, since they are American payrolls and more American prosperity. Praise those that advertise "American-made" and their money goes to American workers.

Important Advances in Design Mark New 1937 Buick Models

New Buick Pictured With Dealer And Salesmen

Danner, Buick dealer, and John Austin, salesman.

Weatherman Jokes Season, But Christmas Is Near

Oct. 24—More than a month of the fall season gone and yet it isn't "red flannel" weather. Tomatoes are still ripening on the vines and the dandelions in the lawn are still blooming. Furnaces belch smoke and then die down as the next day makes a fire unnecessary and even uncomfortable.

All of which goes to prove that the weather man has certainly made a liar out of the calendar this year.

But the calendar, too, has much to do with human habits and a study of it will quickly show that there are only 62 days to roll past before Christmas.

And speaking of the holidays there is one little item that shouldn't be overlooked now, even if Santa Claus does seem far away. That is Christmas greeting cards. That the holidays aren't so far away after all was forcibly brought to the mind of Marion shoppers this week when Wiant's book store placed on display their samples of greeting cards.

The makers of greeting cards this year apparently are determined to keep pace with the trend of the times. The old stereotyped message, "Merry Christmas and a Happy New Year," endorsed by a wreath of holly, while still available, will be much in the minority this year, it appears.

Photography is playing a part in the season's greetings this year. Wiant's now are showing samples of cards in which a picture of Junior, the family pup, or the family domestic form the central motif. They are exceptionally attractive, clever and unique and the prices range from five cents each up with name and envelope.

Greeting card makers have made a special effort to create new designs and attractive envelopes. But in spite of this card prices range from two cents each up.

The steel engravings will again be good. Wiant's have a wide assortment from the pen of the artist Fred Pye. They range in price upward from \$2 for 25 with name and envelope.

ward stores spend huge sum in Ohio

Purchases for Retail Sales in All Parts of United States Total \$9,000,000.

Montgomery Ward, nationally known retail merchandise organization operating a retail store in Marion, spent approximately \$9,000,000 in the state of Ohio, it was announced today by Mr. P. K. Burns, Ward store manager who has just received a report on expenditures from the company's Chicago offices.

According to Mr. Burns, buyers of the company are constantly engaged in the task of selecting and purchasing merchandise to be sold in the company's 560 retail stores throughout the United States. It is this policy of buying and selling on a nationwide scale that enables the company to spend the \$9,000,000 in Ohio.

In the scheme of nationwide selling the merchandise purchased in Ohio is resold throughout the country, and this procedure, according to the store manager, brings a large amount of money from outside customers into the pockets of Ohio producers. This money helps to keep state factories in operation and thereby to provide employment for thousands of workers in these factories and for those engaged in the production of raw materials for this employment. Indirectly supplied by Montgomery Ward, is of course in addition to the employment provided directly for a large number of persons within the organization. The expenditures for merchandise purchases are also in addition to large sums spent regularly in Marion and other cities for taxes, rental, wages and utilities.

DANNER SHOWS LINE FOR YEAR

Prices Lowered Despite Numerous Improvements and Refinements.

Four new lines of motor cars, marked by important advances in design and construction, are announced for 1937 by the Buick Motor Co. They are now on display at the Danner Buick Co. on North Main street.

From the standpoint of appearance the new cars differ widely from the 1936 production. In performance, all models have been stepped up in horsepower over the preceding year with resulting improvement in acceleration and general performance. The same engine refinements that produced greater power have resulted in better fuel economy. In spite of refinements and improvements prices of most models have been reduced.

The four lines of cars are: The Series 40 Special, which, marked by the Series 40 Century, 125-inch wheelbase; the Series 60 Roadmaster, 131-inch wheelbase; and the Series 80 Limited, 135-inch wheelbase. The Century, Roadmaster and Limited models all are powered by a 130-horsepower valve-in-head straight eight engine. The Special series cars are powered by a 120-horsepower 8-cylinder engine of the same design.

21 Body Styles

The four lines offer a selection from 21 different body types. Important features are: Unilateral bodies on the Special and Century cars, custom built bodies on the Roadmaster and Limited cars, Fisher "turret tops" on all 30's, hydraulic brakes, double away stabilizers, knee-action independent front wheel suspension, double-acting shock absorbers, sealed chassis, torque tube drive, automatic engine controls, new aerobal carburetion, new silent overhead valve mechanism, streamlined intake valves and other outstanding improvements.

Long bullet-shaped headlamps are molded directly into the radiator shell while streamlined one-piece fenders are mounted as a unit with the front end sheet metal assembly. Horizontal stepped hood louvers are chrome finished.

Interiors Refined

Interiors of the new cars show marked advances in trim, moldings and fittings. A new instrument panel is edge lighted with the instrument cluster placed at the left front of the driver.

Power of the Series 40 Special engine was stepped up to 100 from 93 by a series of refinements which included increase of one-fourth inch in stroke.

While performance of the 1937 cars has been stepped up their fuel economy was improved. Proving ground fuel economy charts showed for the series 40 cars: 19 miles per gallon at 80 m. p. h., 18 miles per gallon at 60 m. p. h., 15 miles per gallon at 40 m. p. h. for the series 60 cars: 17 miles per gallon at 80 m. p. h., 16 miles per gallon at 60 m. p. h., 13 miles per gallon at 40 m. p. h. for the series 80 cars: 16 miles per gallon at 80 m. p. h., 15 miles per gallon at 60 m. p. h., 12 miles per gallon at 40 m. p. h.

The cooling system of the Buick engine is of the thermostatically controlled by-pass type which provides for quick warm-up and maintenance of efficient engine temperature under all operating conditions.

Buick this year introduces the new Aerobal carburetor which adds to engine smoothness and assures full power.

Power windows, under all driving conditions. This is a double floor, single bowl carburetor of dual down-draft type which has been adopted to assure positive fuel feed independent of the effect of acceleration, steep grades or fast turns. Improved operation claimed for it as it will not flood when parked on steep grades thereby reducing hot starting difficulty. The metering system will function perfectly on any grade; prevents motor from stalling or stalling on sharp turns; prevents stalling on fast stops and provides smoother acceleration in low speeds.

Anodized light-weight alloy pistons, whose electro-chemically treated surfaces have the hardness of cast iron with the same advantageous oiling qualities, are used in the 1937 engines. They are responsible for more responsive performance and greatly increased connecting rod and main bearing life.

Automatic starting with dual control is provided by a solenoid starter engagement unit with dual control to the accelerator pedal and hand throttle button, automatic choke, automatic idle control and automatic heat control. It is necessary for the driver only to turn on the ignition and step on the foot accelerator to start the car.

No External Leakage

Completely sealed mechanism eliminates all external linkage preventing possible freezing or sticking of the mechanism. Among other things, the new chassis provides for automatic deflating which enables the operator to start regardless of the volatility of the gasoline used or of the setting of the volatility selector.

The chassis of the new series 40 and 60 Buicks have entirely new frames involving new design features and offering twice the torsional rigidity of the 1936 frames. Chief structural improvement is the use of diagonal cross members of "Y" beam action.

The new series 40 Special and series 60 Century cars are equipped with hypoid rear axle gears, a type of construction making possible the lower bodies on these models without the use of a high tunnel in the body floor.

Single plate dry disc clutches are cushioned by springs mounted between the fabric and the metal base, insuring smooth clutch action throughout the life of the car. The series 40 disc has been increased from 24 to 10 inches in diameter representing a surface increase from 87.8 to 100.0 square inches.

All steel "turret top" bodies by Fisher with Fisher no-draft ventilation are standard in all models. Bodies of the series 40 and 60 Buick are of Unilateral construction while those of the series 80 and 80 are of composite wood and steel construction common to custom built cars.

Price List of the new cars showing reductions under 1936 prices follow:

60 Series	1937	1936
Business Coupe	\$780	\$745
2 Door Sedan	\$810	\$775
4 Door Sedan	\$835	\$800
2 Door Touring Sedan	\$855	\$820

Berkley M. Smith Joins Marion Midland Agency

Charles E. Schaad, general manager of the Midland Mutual Life Insurance Co. agency here bearing his name, today announced the appointment of Berkley M. Smith as

BERKLEY M. SMITH

A special representative of the local agency.

Mr. Smith has been a resident of Marion for 10 years, and now resides with his wife and son, Berkley Jr., at 224 Leader street. Mrs.

Mr. Smith's previous experience has given him a thorough knowledge and training in life underwriting, having had seven years intensive study and training, covering every phase of the subject, and is well qualified to give efficient service and advice on any branch of the subject.

After considering the opportunity of associating with several other fine companies, Mr. Smith chose the Midland, because of its exceptional high standing, its 25 years of unexcelled service in this vicinity to its thousands of policyholders, and the advantage to them and his clients of an Ohio profit sharing company, with the home office located at Columbus, O., within 60 miles of the Marion branch office.

In determining to join the Midland, Mr. Smith also took into consideration the fact the company maintains more complete coverage than many companies, furnishing juvenile insurance on four forms of contracts from \$500 to \$10,000 at rates from one day to 11 years and also including the payor feature or waiver of all future deposits in case of the death or disability of the father or payor.

The Midland also has a full line of coverage of annuities from ages 60 to 80.

Mr. Smith will share the five-room suite of Midland offices with the manager, cashier's office, and other associates at 194 South Main street, on the second floor of the C. D. & M. building. The office phone is 2212, and Mr. Smith's residence phone is 3285.

NEWS OF STAGE AND SCREEN—MARION THEATER PROGRAM

"Libeled Lady" Taking The Country By Storm

Four Well-Known Stars Play Leading Roles in Picture Coming to Palace

When taking the country by storm this libeled lady who came to the Palace today to enter into the picture. The picture "Libeled Lady" is definitely one of the sure fire pictures of the season. It does the service of William Powell Myrna Loy, Spencer Tracy and Jean Harlow.

Marion Palace former Metro-Politan Opera star and Michael Bartlett handsome tenor of concert and opera stage will be seen in follow up to "Hearts on Thursday" and on Friday and Saturday the feature will be "My American Wife" featuring Francis Lederer and Ann Sothern.

"Libeled Lady" is a newspaper story written by a dead ink newspaper people. The original story was written into an 88-page manuscript by Wallace Sullivan Chicago newspaper feature writer until he went to Hollywood to write for the screen and was adapted to the screen by Maurine Watkins long a star reporter on the Chicago Tribune and Howard Johnson Rogers and George O'Brien veteran screenwriters.

Situations and characters which only a reporter would be likely to know were written by Sullivan into his story of an heiress who brings suit against a great newspaper and a one time reporter who is rehired by his paper to defeat her. These roles are played by Miss Loy and Powell Tracy in cast as Miss Harlow. They sacrifice their romance for a time to the good of the cause. Walter Connolly is cast as Miss Loy's multimillionaire father.

Powell Miss Loy and Connolly went to the High Sierras to catch trout for one sequence. The scenes were taken at a spot along the Stanislaus river.

The question "What would you want to do if you were a reporter?" was suddenly broken off" was put to the stars on the "Libeled Lady" set and here are their answers.

Miss Harlow Above all things I'd like to be a writer. It seems to me that writing is the perfect medium of expression. But work on my first novel has taught me that in my case at least writing cannot be an avocation. To do it justice it must come first.

Powell My lifetime ambition is to become a gentleman of leisure. In spite of death and taxes I may still make it.

Miss Loy As a girl I always wanted to become a great dancer. Barring nothing I think that would still be my goal.

Tracy I'm a plain citizen who became an actor by accident. If accident forced me out of acting I'd become a plain citizen.

Chorus of Fifties

Supporting Marion Talley and Bartlett in follow up "Hearts on Thursday" are the famous Hal Johnson chorists of 60 Negro choristers and the Lantz Cellulos declaiming on a sample of 100 Negroes in support. In cast of players are Nigel Bruce Henrietta Cromman Lutz Albert Ginnard Curd who is a brother of Madame Curie and Vivienne Osborne.

The story is of a penniless but proud old southern singing family, laid in modern times. The chief production value of the film will be seen in the musical sequence which Bartlett stages in order to recuperate the family fortunes.

The romantic story of a titled nobleman who marries an American girl and then only about to prove himself a better American than she is and a better cowboy than his neighbors in Arizona is told in the Lederer-Sothern picture "My American Wife".

Fred Stone Billie Burke Ernest Connel and Grant Mitchell head the supporting cast. Giving a "reverse angle twist" to the theme of the wealth seeking old world aristocrat and the life seeking American girl the film introduces Lederer and Sothern after their marriage. Lederer finds Arizona to his liking and wants to become a rancher and make his living from the soil but his wife is led by her mother into making capital of Lederer's social pretense.

OHIO COMEDY LAUGH FILLED

"Sing, Baby, Sing." With Adolph Menjou and Alice Faye Playing Leads

Not so long ago the country was enjoying the highly publicized dash across country of one of the aging great lovers of the screen pursued by a young girl wearing a diamond ring, which she told the press was her engagement gift to her.

"Sing, Baby, Sing" a laugh jammed comedy with music at the Ohio today and through Tuesday has a story that smacks for all the world of the Barrymore Barri-ent past glories on.

Adolph Menjou Alice Faye Michael Whalen Gregory Ratoff Ted Healy Kelly and the Ritz Brothers headline the cast.

Ratoff a theatrical agent allied by his secretary Patsy Kelly and his stooge Healy vainly tries to get a new job for Miss Faye who has been fired from the night club in which she has been singing. On her closing night at the club Menjou a famous celebrity on a spree disrupts her performance by singing on stage the "I'm a Fool" scene from "Romeo and Juliet". Ratoff instantly visualizes a sensational chance for publicity and calls in the newspaper reporters headed by Whalen.

Menjou finally winds up in an alcoholic hospital where no one can see him but Ratoff and Healy get to him and by a ruse win him to their side. Whalen, who has fallen in love with Miss Faye, believes she is just another gold digger and writes a scathing story about her and Menjou that brings Menjou's manager apoplectic from the count. Ratoff obtains a contract for Miss Faye on a contract to coast network providing Menjou appears on the opening program. Menjou's managers kidnap him and start to Hollywood with Ratoff. Healy and Miss Faye in cross country pursuit.

Four new hit songs in the picture are "Love Will Tell You", "Turned the Tables on Me", "Sing, Baby, Sing" and "When Did You Leave Heaven?".

One of Jack London's best books "White Fang" has been made into a picture which will be shown Wednesday through Friday on a bill with a mystery thriller "36 Hours to Kill".

"White Fang" was made as a sequel to "Call of the Wild" and has Michael Whalen Jeanette MacDonald Nelson Eddy Charles Wininger and John Carradine in the cast. The answer to what happened to the pups of Buck the giant St. Bernard who mated with a she-wolf in "Call of the Wild" is revealed in the sequel "White Fang" half-wolf and half-dog plays a prominent part in the adventure romance of Whalen and Eddy.

Briton Donlevy and Gloria Stuart head the cast of "36 Hours to Kill" with Warren Hymer Douglass Towley Leibel Jewell and Stella Kitchell in support. Lowley Public Enemy No. 1 is in hiding in the west with Miss Jewell has sweetheart when the news comes that Lowley under the alias of "Little Boy Blue" has won a fortune in a sweepstakes lottery. Casting discretion to the winds the mobster decides to make an attempt to collect the money despite the danger and boards a transcontinental express. Donlevy apparently a newspaper reporter seeking an exclusive interview strikes up an acquaintance with Lowley that is complicated when they both have a hand in aiding Miss Stuart to escape from a pursuing process server. Then Lowley discovers a dictaphone planted by Donlevy in his compartment and as the train pulls into the terminal and he kidnaps Gloria and makes his escape. The excitement begins and the picture reaches its climax with the capture of Lowley.

RED CROSS FILM ON OHIO PROGRAM

A 15-minute film "The American Red Cross to the Rescue" showing scenes of the Red Cross work in the flood areas last spring will be shown one week at the Ohio theater, starting today. Arrangements for Marion patrons to see the picture were made by the Marion county Red Cross chapter with the national headquarters in Washington, D. C.

STATE BOOKS "Dracula's Daughter" and "Crash Donovan" for Openers

"Dracula's Daughter" and "Crash Donovan" two good program pictures will be brought back to the State for the Sunday through Tuesday bill.

"Crash Donovan" takes the adventures of the state highway police and stars Jack Holt with Nan Gray and John King in support. Holt portrays a motorcycle officer who has to face unusual dangers in performing his task. His rival for the affections of Miss Gray is John King a womanizer to the screen.

The picture shows Holt performing daredevil motorcycle stunts at a carnival. He joins the highway patrol to further his acquaintance with the girl who captivated him and his new on-upon trade him through countless ventures and in the end there is a battle with a band of ruffians. King is a native of Cincinnati and attended the University of Cincinnati for a time. He was employed driving new cars from a Detroit factory to a Cincinnati dealer.

"ROSE MARIE" COMING BACK

Jeanette MacDonald - Nelson Eddy Picture Will Return to Marion Theater

The Jeanette MacDonald Nelson Eddy picture "Rose Marie" will be brought back to the Marion for the week of October 11-13. Miss MacDonald's voice recorded with unusual clarity and clarity in this picture "filled in the gaps" most air like settings of a Sierra Nevada.

Such world famed songs as "The Indian Love Call", "Rose Marie", "Love You Song of the Mountain" and "Pardon Me Madame" are sung by the romantic stellar pair.

Briefly the story is of an opera star who traveling incognito through the North woods in search of her other an outlaw falls in love with a Northwest Mountie. An inflexible rule it is to capture the criminal. The climax of the story is as dramatic as the finish is romantic.

A "Poo" style western "Cavalry" in which Frances Grant plays the feminine lead will be shown Tuesday and Wednesday on the bill with a showing of "The Carion Murder Case" featuring Edmund Lowe and Virginia Bruce with Benita Hume Douglas Walton and Nat Pendle on in the supporting cast.

Lowe plays the suave Phil Vance in the latest of the "S. S. Van Dine" phenomenal best sellers. This is the first of the Phil Vance pictures in which the ace detective falls in love. He falls for Miss Bruce who is suspected by police to be responsible for three mysterious murders. Vance believing her innocent has her parole in his custody and with her assistance and the use of his exceptionally wide scientific knowledge solves the crime and saves her from the electric chair.

Palm Springs the beautiful picture made at the resort of the Hollywood stars will return Thursday through Saturday. Two singing stars Frances Langford and Smith Bellow are brought together in the principal roles supported by a cast headed by Sir Guy Standing Ernest Cowart E. H. Cline and Sterling Holloway. It is the story of the daughter of a penniless reformed British captain who goes a fortune seeking in Palm Springs and falls in love with a guitar picking crooning cowboy.

One of the fast paced "Hopalong Cassidy Returns" William Boyd plays the role for the seventh successive time. Evelyn Brent one of Hollywood's most beautiful and talented actresses who doesn't seem to get the breaks she deserves has the feminine role opposite Boyd.

Harding Gridders Lose to Ashland in N.C.O. Game, 12-

MARION'S HOPES FOR LEAGUE HONORS FADE WITH SECOND LOSS

Crowd of 1,800 See Visitors Cash in on Fumble and Intercepted Pass

By The Associated Press
MARION, Oct. 23—The Central Ohio League hopes for a 12-0 record at the hands of the Ashland Gridders in the first round of the N.C.O. Game, 12-

A recovered fumble in the first ten minutes of the game put the Marion Gridders in a position for the first time in the history of the league to lead in the final score in the last 10 seconds of play.

The game was Marion's third N.C.O. contest. The Gridders had previously defeated Gallatin and lost to the Marion Gridders in the last 10 seconds of play.

A crowd estimated at 1,800 witnessed the game played on a muddy field which kept both teams from reaching to a razor-edge attack. Coach Fred Lutz, visiting eleven held an edge over the Presidents by registering eight first downs as compared to four gained by Marion.

Capl. Bob Hockenmuth, senior quarterback of Ashland's eleven and an All N.C.O. selection for the past two years, led the visitors until a sprained ankle at the start of the second period forced him to leave the game. Marion's players came through in great fashion and none of Coach Carl Crum's players were on the sidelines because of injury received during the game.

It was coach Ashland left end who recovered the Marion fumble on Harding's five-yard line before the game was over. Marion's players were too busy to notice the fumble. Hockenmuth picked up a yard and Newell right half crashed through for the touchdown. The line play for the extra point was stopped by a wall of Presidents who mugged forward to halt the plunge.

The second touchdown was partially attributed to the fact that Ashland's line throughout the game forced the Presidents to open up a last minute attack. With but 40 seconds remaining Decker heaved the oval and Boyd Ashland left half mugged it to sprint 30 yards for the final score.

First Quarter
Young booted Harding's initial kick to Scobey Ashland left end who recovered on the visitors 40-yard line. Ashland was penalized on the first play for offensive and three punting plays. Marion's line played well. Marion's line played well. Marion's line played well.

Hockenmuth went off tackle for one yard and Newell crashed center for the touchdown. Clark's plunge for extra point failed and Ashland held an oval 6 to 0 lead over the Presidents. Clark recovered Young's kick off and to turn 30 yards before being brought down on the Ashland 30-yard line. In four line plays, Clark Burns Hockenmuth and Newell played well. Marion's line played well. Marion's line played well.

Clark and Caprino picked up a first down for the Presidents but Williams was forced to kick on the third down. Hockenmuth's punting on the Ashland 35-yard line. On the second play Williams intercepted an Ashland pass to give Harding the ball at midfield. On a lateral pass around play with Capt. Sharrock receiving a lateral pass the Presidents picked up 18 yards but were penalized five yards for offensive. On the second play, Sharrock was penalized for a false start and Williams was grounded on Ashland's 23-yard line by Green Marion right tackle in the first quarter ended.

Second Quarter
Marion regained the ball by recovering Newell's fumble on the Ashland 37-yard line. Caprino was thrown for a five-yard loss but Williams on a run at the left end of the line picked up 15 yards and a first down. Three Marion plays failed and a fumble behind the line was recovered by Hockenmuth. Burns and Newell added a first down at scrimmage to place the ball on Ashland's 45-yard line. A 15-yard clipping penalty was imposed on the visitors and after an incomplete pass Clark twisted through the Marion line for a 25-yard gain and a first down for the Presidents. 45-yard line. Clark made six yards at center and Burns kick was received by Caprino on Harding's 23-yard marker. Williams' quick return kick was grounded on Ashland's 45-yard line as the half ended with the visitors leading 6 to 0.

Third Quarter
Risser received Young's half time kick off and returned 10 yards to the Ashland 33-yard line. An exchange of punts gained yardage for Marion and the Presidents took possession of the ball with a first down on the Marion 43-yard line. On succeeding plays at midfield Marion recovered the ball and the opposing players recovered giving Marion a first down at

Silent On Ouster Report

Omni Salem right football coach and director of athletics at the University of Iowa refused to comment on reports that a group of alumni was seeking his removal because of a joking letter. He conferred with Prof.

C. M. Underhill, chairman of the university's athletic board, but said their conversation had nothing to do with the reports. Salem is shown here with Orr Simmons, Hawkeyes Negro coach on practice field. (Associated Press Photo)

Edison Junior High Scores 20-0 Win Over Vernon Heights

Edison Junior High gridiron advanced their claim on the city junior football title by scoring a 20-0 victory over Vernon Heights in a preliminary game under the floodlights of Harding stadium last night.

Edison previously won over Vernon 13-7 and was later held to a 7-1 tie by the Central Junior High team. By virtue of the win last night Edison has but one game standing in the way of the city title. A meeting with the city title was held on Oct. 20.

The winning team scored two

touchdowns in the second period and added another in the third quarter. Walters fullback punter plunked five yards for the first score after the team had inaugurated the touchdown march on its own 20-yard line.

Chiles Edison fullback scored the second touchdown with a 50-yard run and Walters added the third score after intercepting a Vernon pass and dishing 40 yards to the goal line. Chiles and Wilson were successful in plunges for the extra point on the first and third touchdowns. The lineups follow:

FRIDAY GAMES LEAVE ONLY 2 OHIO COLLEGE TEAMS UNDEFEATED

Akron U Zippers Sink Muskingum; Ashland Wins from Findlay.

By The Associated Press
LAST NIGHT RESULTS
Akron 18 Muskingum 6
Marietta 25 Oberlin 9
Ashland 14 Findlay 7
Davis-Pittsboro 13 Xavier 12
Capital 7 Kenyon 6

Akron university's rampaging Zippers last night handed Muskingum its first setback of the season leaving only two Ohio college eleven Western Reserve and Miami with undefeated records.

The 18 to 6 triumph was Akron's third straight in Ohio conference competition and gave it an undisputed possession of the upper place in the Ohio conference. The Zippers declared ineligible by a conference committee but allowed to play because of an opponent's loss of the victory 265 yards from a scrimmage.

Akron undefeated since it lost to the University of Kentucky, dropped a close 13-7 decision to Davis-Ellkins on a muddy Findlay gridiron. Ashland topped Findlay 14 to 7. Marietta rolled up a 29-0 decision over Oberlin and Capital downed Kenyon 7 to 0.

Both Western Reserve and Miami hoped to get through today's games without defeat. However, Dr. Charles W. Myers, tough Toledo university Rocker and Miami engages Ohio university in one of the Buckeye conference rivals.

In the other two Buckeye loop affairs, Ohio Wesleyan is against the hard driving Marshall combination and Dayton meets the University of Cincinnati in Saturday's only floodlight contest.

A number of Ohio conference and independent games also are scheduled. Muskingum coach by Stuart Holcomb, former Ohio State star, opened his season when Patton crashed over from the two yard line in the first quarter.

Akron came back with two touchdowns in the second quarter and another in the first. Marietta's victory over Oberlin was easy as the Lions dropped more ground than they gained. Akron's first half was a 15-yard run. Patton last night's game had 40 points to 49 for Schoen of Ball.

Findlay's loss to Ashland was a sixth straight of the current campaign against non-winners. Findlay's loss to Ashland was a sixth straight of the current campaign against non-winners. Findlay's loss to Ashland was a sixth straight of the current campaign against non-winners.

Seven Xavier fumbles helped Davis-Ellkins knock off the Muskies. The West Virginians talked in the first and third periods and Xavier scored in the third and fourth quarters. Tobias picked it for the point after touchdown in the third period proved the winning factor.

MT. GILEAD BEATEN BY FREDERICKTOWN

Fredericktown stepped out to defeat Mt. Gilead 22 to 13 yesterday afternoon in a Mid-state league game. It was the first win over the Morrow county team in five years.

Mt. Gilead had a little attempt to overcome their opponent's score twice in the final half. Walters one-yard plunge after a field march accounted for the first score and the second came on a 12-yard pass to Walters. The lineups follow:

Winning Streaks Tougher To Compile Than in 80's

NEW YORK, Oct. 24—Winning streaks are much tougher to compile in present-day college football than they were back in the days of the great teams and championship games.

That's any there's no much like at Akron to the current streak of the Minnesota Gophers who prior to the game with Purdue have a 20-0 record and have gone through 20 consecutive games without defeat in big league competition.

Bernie Bierman's boys still have a few days to go even in event of a victory today before they touch their 21st consecutive victory. It's a fact that the Gophers have equaled the No. 6 record of the Fighting Irish of 1918-21, who won 20 consecutive triumphs.

That streak was equalled in 1929-31 including the last two unbeaten teams coached by Knute H. Rockne. The all-time American winning streak was far as this writer.

ASHLEY GRIDDERS DEFEAT RICHWOOD

Win 19 to 12 Victory Over Union Co Team Scored on First Time

Special to The Star
ASHLEY, Oct. 24—Ashley High gridiron rolled up their sixth consecutive victory by scoring a last quarter 19 to 12 win over Richwood High here yesterday.

Under intercepted a lateral pass and ran 60 yards for one of Richwood's touchdowns and Erwin plunked for the other. Henry Thatcher at 10 yards scored touch-down for Ashley.

It was the first time this season that Ashley's team has been scored on the lineups follow:

DO DO, THE MONK, MAKES A SURPRISE ATTACK AND SENDS HIS FORMER MASTER SPRAWLING!

DON'T SHOOT THE MONK, GREGORY! HE SAVED MY LIFE—

I'LL TAKE YOUR WORD FOR IT, LORA, BUT IT'S WHITEY LEWIS I'M WATCHING—

—AND KEEP 'EM UP!

WHERE'S YOUR LEADER AND HIS GIRL PRISONER?

HE'S SHIPPED OFF WITH HER, SIR

By Lyman Young

Thimble Theater

WELL, HE'S FOUND HIS FATHER, BUT HE'S LOST ME—

I WON'T MARRY POPEYE AND HAVE AN OLD RASCAL LIKE HIM FOR A FATHER-IN-LAW!

YEAH, IT'S ME POPPA, ALL RIGHT, MY GORSH, BUT I YAM EXCITATED

OO XX!! EVERYTHING! GNATS TO THE WORLD!

HELLO, POPPA

By Segar

Tillie the Toiler

TILLIE—WHATEVER POSSESSED YOU TO ARGUE WITH MR. GAYLORD? YOU MUST KNOW BY THIS TIME THAT THE CUSTOMER IS ALWAYS RIGHT

YES, SIR

SPECIAL DELIVERY FOR YOU, MISTER SIMPKINS

THANK YOU, ELMER

FROM MR. GAYLORD—AN ORDER, NO DOUBT

YOU CAN GO NOW, TILLIE, TRY AND BE A LITTLE MORE CONSIDERATE IN THE FUTURE

DEAR SIR— ENCLOSED IS A MONEY ORDER TO COVER DAMAGE CAUSED BY MY LITTLE DEMONSTRATION ON ONE OF YOUR GLASS DOORS. SORRY IF I INCONVENIENCED YOU ANY— SINCERELY J. Gaylord

By Russ Westover

Toots and Casper

OH, TOOTS, I CAN HARDLY WAIT UNTIL EZRA AND I ARE MARRIED, FOR I LOVE HIM WITH ALL MY HEART!

NO, I HAVEN'T THE HEART TO TELL JUDY TO HER FACE THAT I WANT TO BREAK MY ENGAGEMENT TO HER—

I'LL WRITE HER A LITTLE NOTE AND TELL HER IT'S ALL OFF BETWEEN US—

I'LL SECRETLY PACK MY THINGS AND TONIGHT, WHILE EVERYONE IS ASLEEP, I SHALL STEALTHILY TAKE MY DEPARTURE—

I'LL LEAVE THIS UNDER JUDY'S DOOR WHERE SHE'LL BE SURE TO FIND IT—

Dear Judy: This is farewell. Do not try to find me for we shall never meet again, but I shall always wish you the best of good luck and happiness— Lovingly Ezra

WHAT A PITY THAT JUDY'S HAPPINESS IS COMING TO AN END! (CONTINUED MONDAY)

By Jimmie Murphy
